GAP

What We Learned This Week!

Welcome to GAP! As some of you already know, my name is Miss Caitlin and my assistant for the summer will be Miss Hayley. We are both so excited to spend the next 10 weeks with your child! I have so many fun things planned for us this summer!

Each week there will be a topic that we focus on and this week was **Animals**! We danced to a song called "Animal actions" where we got to act like different animals, read the book "Brown Bear, Brown Bear" and got to make up our own book with our friends! Finally, we made Father's Day gifts for our awesome dads! Check out the attached sheet for info about our class bear Coco! He is already a fan favorite!

What's on for Next Week...

Next week's the theme will be **Colors**! We will read the book "Pete the Cat: I love my White Shoes", make a rainbow while singing our new rainbow song and sort different objects by their color!

In the gym, our shape will be **Tuck** and we will go on a color hunt while practicing our gymnastics skills! We will also go on a color hunt within the gym.

****Please wear your favorite color shirt next week!****

On the Gymnastics Side of Things...

Along with our theme for the week, we will also have a shape a week in the gym. This week was our **Pencil** shape which also goes along with our

Stand like a Gymnast shape which all the kiddos did very well with! We also got to act like animals before we did each skill. Some of our friends also acted out the animal sounds too!
